

UU Church of Hagerstown Covenant with Sharon Rucker

The Unitarian Universalist Church of Hagerstown recognizes and enters into covenant with Sharon Rucker in Community Ministry. We endorse this ministry as a fundamental, essential and equal mission of this church. We claim her ministry as a joint outreach to those in the community who will hear the message of Unitarian Universalism beyond the walls of our church. By affirming a belief in diversity, tolerance, spirituality and community action, we reach out without intent to convert or judge but freely and with care. With the shared community ministry, we build bridges outside our walls so that we both may grow in our faith.
