

UUSCM Faith Endorsement

Introduction

The UUSCM Faith Endorsement is a focused assessment of Unitarian Universalists seeking endorsement for BCCi certification.

The UUSCM created the Faith Endorsement for BCCi in collaboration with the UUA to provide UU's who are called to professional chaplaincy with an option for endorsement that does not also require receiving fellowship from the UUA Ministerial Fellowship Committee. The UUSCM Faith Endorsement is strictly applicable for the purpose of achieving BCCi certification as a professional chaplain or pursuing the ACPE education required for BCCi certification.

Applicants for UUSCM Faith Endorsement must complete and submit a series of requirements that demonstrate their active engagement with the UU faith, awareness and knowledge of UU values and identity, and a commitment to live into those values as a BCCi chaplain.

The requirements include essays about UU engagement and identity, passing a real-time interview with the UUSCM Endorsement Panel, and a demonstration of a commitment and progress towards preparation as a professional chaplain.

Endorsements granted by UUSCM are granted for a period of five (5) years before a renewal process is required, coinciding with the 5 year review and evaluation process required to maintain BCCi certification. Endorsed Chaplains are required to meet ongoing UUSCM requirements and be renewed periodically.

These requirements are established by the UUSCM and are subject to change. Please complete the UUSCM Endorsement Inquiry & Registration or contact uuscmistry@gmail.com for the latest Faith Endorsement information.

BCCi Faith Endorsement Requirement

BCCi values the work of discernment and endorsement undertaken by the many spiritual and faith groups who prepare and support leaders for service within their organizations and as public representatives.
